OBJECTIVE

Looking for an opportunity to grow as a Software Engineer in a dynamic team and expand my skills.

SKILLS

Programming Languages:	Java, JavaScript, HTML, CSS
Frameworks & Libraries:	React.js, Node.js, Express.js, Redux, Bootstrap, Tailwind
Databases & Cloud:	MySQL, MongoDB, Supabase, Google Cloud Platform (GCP)
Tools & Technologies:	Git, GitHub, SEO(Google Search Console, Webmaster Tools), UI/UX

EXPERIENCE

Skillify | Web Development Intern

Feb 2025 - May 2025

- Built and deployed [Budget Tracker](#) and [Task Manager](#) apps using **React.js** and **Tailwind CSS**, focusing on responsive UI, local storage, and dynamic task handling.

PROJECTS

Portfolio Website ([Live Demo](#))

- Designed a personal portfolio using **HTML**, **CSS**, **JavaScript**.
- Open-source project showcasing skills, achievements, and projects.

InnovaChat AI ([Live Demo](#)) : An AI-powered real-time chat application for seamless communication.

- Built using **React.js**, **Node.js**, **Express.js**, and **Supabase** for real-time messaging.
- Implements **instant messaging**, **authentication**, and **AI-based chat responses** for an interactive user experience.

Resource Zone Website ([Live Demo](#))

- Provides **college students with academic papers, class notes, and career opportunities**.
- Ranked **#1 on Google Search** through **SEO optimization**.
- Built using **HTML**, **CSS**, **JavaScript**, **Tailwind CSS**, and **Bootstrap**.
- Won **First Position in Tech Symposium Competition**.

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University

July 2020 - July 2025

- **Degree:** Master of Computer Application (Integrated)
- **Relevant Coursework:** Data Structures & Algorithms, Web Development, Cloud Computing, Computer Networks

ACHIEVEMENTS & EXTRA ACTIVITIES:

- Founder of **Innovative Developer Community** with **3000+ members** on [Youtube](#), [Instagram](#), [Discord](#), [Telegram](#).
- Achieved **Five-Star Rating** in Java on HackerRank ([Profile](#)).
- Completed **Hacktoberfest 2022 & 2023**, contributing to **open-source projects**.
- Led **Google Cloud Arcade Facilitator Event 2024** as a **Facilitator** and Completed 500+ labs in the **Google Cloud Skill Boost** program, building cloud-based solutions using GCP tools and services. ([Profile](#))
